ADULTS PROGRAMME

FOR AGES 12 and above

Build your technique, confidence and control through a progressive training programme that follows the same training approach as at Club Med ski resorts.

Ski		Recommended number of classes at Let's Snow
Beginner	You have never skied before or have very little experience.	1 x Intro Class
Club 1	You can hold a wedge and slow down and stop. You have started learning to change direction using a wedge and can safely ride the magic carpet.	1-2 x Intro Class
Club 2	You have ridden a chairlift and can ski comfortably on green runs, linking wedge turns while controlling your speed and balance.	3-5x Intro Class
Club 3	You can ski comfortably on blue runs, linking wedge-parallel turns while controlling your speed and balance.	6-10x Intro Class
Club 4	Your skis remain parallel and the same distance apart throughout the turn. You can ski blue runs confidently, using turn shape to control your speed.	10-15 x Intro Class
Club 5	You make strong parallel turns of varying sizes and use rhythmic pole plants on a range of groomed terrain, including black runs. You have skied off-piste but are not yet fully comfortable in bumps, crud or powder.	Skytech
Club 6	You are comfortable making dynamic turns across all types of terrain and snow conditions. You can ski off-piste in powder	Skytech

***Ski levels applicable to Japan resorts only.**

Snowboard		Recommended number of classes at Let's Snow
SB Beginner	You have never snowboarded before or have very little experience.	1-2 x Intro Class
SB 1	You are comfortable doing falling-leaf turns in both directions (heel-side and toe-side) on beginner terrain	3-4 x Intro Class
SB 2	You can ride a chairlift and make S-turns comfortably on green runs. You may also try easy blue terrain to explore more of the mountain.	5-10 x Intro Class
SB 3	You can ride blue runs confidently and perform controlled, skidded turns on steeper slopes, from long to short turns.	11-15 x Intro Class
SB 4	You can ride black runs confidently and perform controlled short and long turns across different terrain and snow conditions.	Skytech

***Snowboard levels applicable to Japan resorts only.**

KIDS PROGRAMME

FOR AGES 4–11

Help your child build confidence and skills before you hit the slopes, in a safe and progressive learning environment.

Ski (Age 4- 11)		Recommended number of classes at Let's Snow
Kids Garden	Introduces your child to the basics of skiing: moving, sliding, stopping, slowing down and turning.	1 Intro Class
Dragon	You can control your speed using wedge turns. You can slow down, stop and get up independently, and leave the Kids Garden to ski on beginner slopes.	2- 4 Intro Class
Trident 1	You can complete wedge turns on gentle slopes (green runs).	skytech
Trident Bronze	You can link basic parallel turns on medium to steep slopes (blue to black runs), maintaining control as you ski faster and make rhythmic turns.	Skytech
Trident Gold	You can make advanced long and short parallel turns. You are beginning to ski on varied terrain and snow conditions, using different techniques on slopes of varying steepness.	Skytech

*Ski levels applicable to Japan resorts only.

Snowboard (Age 8- 11)		Recommended number of classes at Let's Snow
Rider	From age 8, you have never snowboarded before.	1 Intro Class
Rider 1	You can get up independently, stop on both edges and sideslip on both your toe-side and heel-side edges.	1-2 Intro Class
Rider 2	You feel comfortable on beginner terrain. You can do falling-leaf turns and J-turns on both your heel-side and toe-side edges, and you are comfortable using a beginner chairlift.	3-6 Intro Class
Rider 3	You can confidently link S-turns on green terrain and are beginning to vary the size and shape of your turns on blue runs.	7-10 Intro Class

*Snowboard levels applicable to Japan resorts only.
