WINTER-SUMMER SEASON 2024-2025

**The *legendary*
French sailing yacht**

Club Med 

EXCLUSIVE
COLLECTION

“

The goal in life is to be happy, the time to be happy is now, and the place to be happy is here.” Gérard Blitz, a native of Antwerp, spoke these words when he founded Club Med in 1950 and they continue to resonate with us today.

In 1950, Club Med reinvented the formula for happiness. We crafted an extraordinary utopia centered around a vacation concept that places nature and outdoor sports at its core, all without any limitations. Through this innovative way of sharing time together and pioneering a whole new vacation category, Club Med introduced the concept of “all-inclusive.”

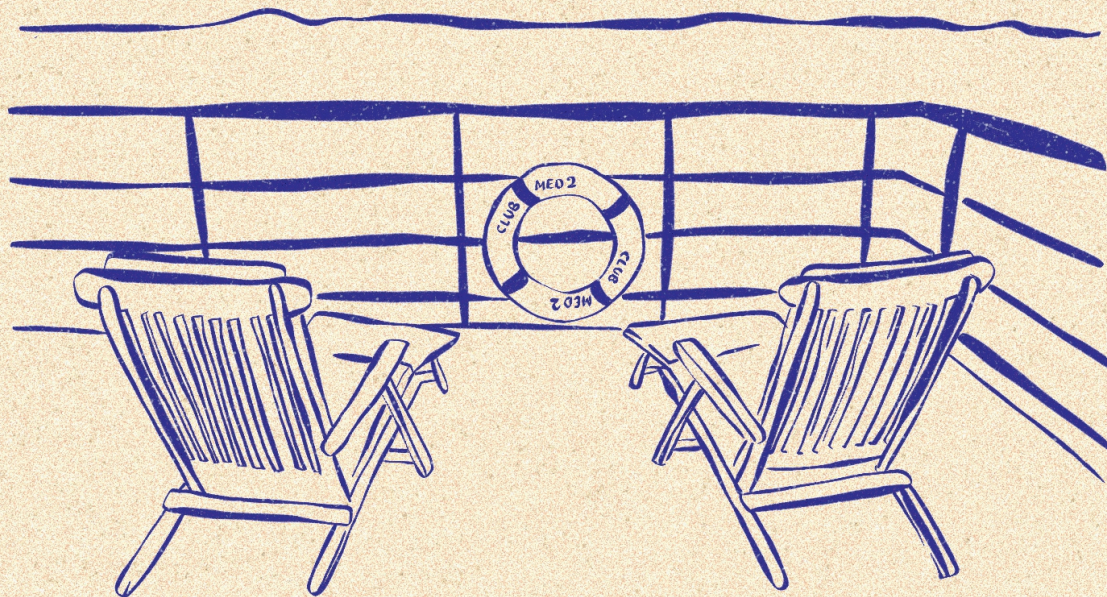

Club Med Exclusive Collection marks a new chapter in Club Med’s elevation of luxury. We have defined a vision of luxury for those who break free from the usual conventions, those who want to create precious memories as they share in the beauty of preserved natural surroundings. We offer something for guests in search of a less rigid and traditional view of luxury, something more human and mindful of its impact on the environment and the people who live there.

By focusing on stoking emotion and offering exceptional experiences, Club Med Exclusive Collection presents an independent view of luxury through four unique types of experiences: Club Med Exclusive Collection Resorts, Exclusive Collection Spaces, Villas & Chalets, and, of course, Club Med 2.

This gem of our collection is a magnificent five-masted yacht unlike any other. It represents a singular interpretation of classic French art de vivre. Born from a lineage of five sailing ships constructed in the port of Le Havre in 1992, she remains the largest sailing cruise ship in the world today.

Luxury is
the *art* of living

Club Med Exclusive Collection range offers something truly unique: luxury as an art of living.

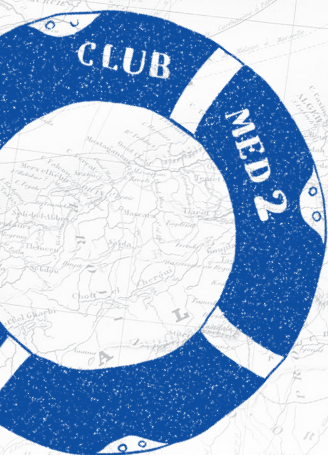

Nothing less than a selection of our most beautiful destinations in the world.

It represents an unprecedented level of service: tastefully decorated, spacious and comfortable rooms, private and exclusive spaces offering a choice between togetherness and intimacy, a dedicated team paying attention to the smallest details, a concierge service for a perfect travel experience, and a number of special advantages which make all the difference.

Luxury today is about the emotions it inspires and the experiences it provides us. Out of this belief, Club Med has developed a unique art of living. **An open interpretation of luxury: enjoy every moment, free from *all constraints*.**

CHARTING A COURSE, 365 DAYS A YEAR

Charting a course, *365 days a year*

Club Med 2 invites you aboard all year round. From the deck, admire the stunning views of the most beautiful coasts and villages of the Caribbean and the Mediterranean, with certain itineraries dedicated to families, golfers, and yoga enthusiasts...

A Summer in the Mediterranean and Beyond...

Close yet mysterious, the Mediterranean reveals its secrets through the wild coves of the Cyclades, the beautifully colored villages along the Ligurian Sea, and the whitewashed towns scattered across the volcanic islands of the Aegean. Our five-masted French sailing yacht will follow 31 itineraries, from Spain to Turkey, Greece to Tunisia, and Italy to the Canary Islands. Whether your cruise is brief (3 days) or longer (up to 23 days), savor each moment on board, with every stop offering a new adventure. Wander through the shaded, steep streets leading to Genoese or Venetian castles, Greek or Roman amphitheaters, cathedrals, or mosques. Embrace nature's generosity all around you, with the scent of orange blossoms, pine forests, and flowers that will linger long after these moments of escape.

The Club Med 2 is both the world's largest sailing ship and one of the world's most beautiful cruise ships. It is a rare and precious combination: it can sail close to the coast and give the impression that you can almost touch the magnificent landscapes. With the tips of your fingers, the corner of your eye, and most certainly with your whole heart.

A Winter in the Caribbean

It all begins with a transatlantic voyage from Dakar to Belém that will take you the doorstep of the Amazon and the Caribbean. Our five-masted French sailing yacht will sail from one Caribbean paradise to another throughout the winter, letting you soak up warmth and sunshine as the days grow shorter back home. From Mayreau and Saint Lucia to Trinidad and Virgin Gorda... discover 23 itineraries where you'll walk on the finest white sand beaches, explore the most fragrant forests and gardens, immerse yourself in vibrant culture, stroll through Creole villages, relax on your favorite deck chair, meet tropical fish in their natural habitat, and celebrate the New Year together. What better way to come home with a heart full of memories?

5 reasons to take the leap

Sailing aboard Club Med 2 is a unique experience for so many wonderful reasons. If we had to choose just five, we might start with these.

A Unique *Five-Masted French Sailing Yacht...* Stands out on the horizon

Club Med 2 proudly displays its seven sails that fly over nearly 2,700 square meters of Burmese teakwood ship deck. It's an invitation to take a barefoot stroll around the ship while enjoying a 360-degree panorama of the sea.

Simply breathtaking.

From *Well-being* to Letting Go, and Everything in Between

It's waking up with the sensation of a warm towel on your skin. It's admiring your newly tanned skin every evening. It's taking care of yourself. Holistic well-being shapes your day on board: balanced menus, yoga on the deck, Sothys treatments, morning exercise facing the open ocean, dips in the sea or a splash in the pool.

Relaxing.

Your *Choice of Atmosphere...* From Dawn to Dusk

Whether you love to relax all day or turn into a night owl after sunset, the crew of Club Med 2 has thought of everything. From serene to festive vibes, the hardest part will be choosing where to start.

Thrilling.

Connecting with the Ocean... Everywhere, Always

Let yourself be carried by the waves, marvel at a face-to-face encounter with tropical fish, or embark on a kayaking odyssey... Club Med 2 offers a host of activities (starting for ages 8 and up) from its nautical hall. It's a space where you can learn skills or beat your personal best, all under the watchful eye of our G.O.s®.

Refreshing.

Accessing the *Inaccessible...* On Water and On Land

Every 20 minutes, a tender leaves the sailboat to whisk you away to vibrant cultures and shared experiences. It's an opportunity to explore charming villages and picturesque towns along the Mediterranean

Enriching.

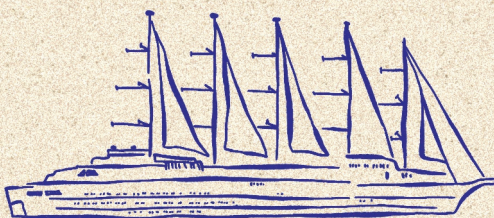

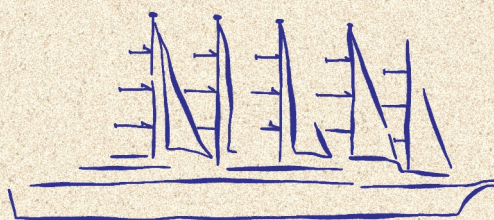

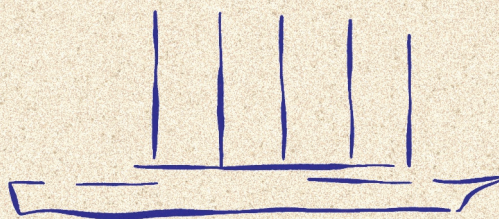

“I still remember that vast horizon with no reference points, where the sun was the only thing marking our view of infinity. In that moment, I understood that what matters when embracing the freedom of the open seas is not having a ship; it’s having a place to go, a port, a dream worth crossing any expanse of water for.”

_____ **Alessandro D’Avenia**

Italian writer, teacher, and screenwriter

A unique *ship*

The Club Med 2 first set sail in 1992 from Le Havre in France on a maiden voyage to New Caledonia. For six months in the autumn and winter, it cruised from Ile des Pins, Hienghène, the extraordinary Plage d'Ouvéa, and Port Villa on the Efate Island. Once a month, it even sails on a voyage of discovery to the islands north of Vanuatu, where the much of the sea still remains uncharted.

An invitation to explore, Club Med 2 more than earns its moniker of “legendary French sailing yacht”. A quick look at the facts and figures that make it unique in the world.

187
meters long

Half the size of a large cruise ship, which grants us the privilege of accessing ports that are typically off-limits to tourist ships.

5
meters draft

This is the height of the part of the ship that is submerged in the water. This allows Club Med 2 to closely skirt the coastlines where the water is more shallow. For you, this means incredible views and the opportunity to discover uncharted territory. A new perspective on the world.

7
sails

Whose alabaster white color and geometric forms cut a striking figure on the horizon. When they are unfurled in good weather, more than **2500m² of sails dance in the sea breezes.**

164
The number of staterooms on board

They all have generous floorplans that range from 18 to 40m² and offer views of the sea. The ship has an intimate scale with berths for only 373 guests.

2 700
m² teakwood decks

A precious wood that is just as enjoyable to touch as it is to admire. Legendary craftsmanship creates decks that unfold like a ribbon all around Club Med 2.

Set sail

Using sails in addition to the ship's engines allows Club Med 2 to conserve up to 20% of its fuel. When the sails reach retirement age, we recycle them into unique accessories that can be purchased at our onboard boutique.

A different kind of *adventure*

Club Med 2 is best experienced in the first person. Let us prove it with these three postcards that our G.Os® found onboard.

My Dear Elise,

Don't mind the few drops of salt on this card; I'm writing to you from the E deck, just before setting sail for my wing foil session. Who would have thought I'd try such an experience? But the serenity I've found during this cruise clears my mind of all worries and makes me want to embrace life differently.

From here, I'm sending you a hug, and I look forward to bringing you along on my next adventure, rest assured.

Warmest wishes,

Nathalie

My Son

I know this card is a surprise: before, I would never have found even 5 minutes to write to you. But here, time moves differently. It respects nature, landscapes, and simple pleasures along the water. Believe me, my senses are overwhelmed with the sights, tastes, sounds, and sensations of this journey. I marvel at the culture at every port of call, savor the wind filling the sails and my lungs, and share my time between lively discussions with sailing enthusiasts and yoga sessions on the deck.

And despite all this activity, I have time. To breathe, to truly enjoy, and to thank you for this gift. How did you know I needed it so much?

Thank you,

Dad

Hello to the Whole Team,

It's true what they say: cruising on a sail yacht really has a different vibe. If only we could all commute to work like this every day... I'm not supposed to think about work, but it's really you I'm thinking about. I dream of never setting foot on land again and having you all join me on board. We'd brainstorm on the deck, water ski during lunch breaks, schedule meetings around time zones, and explore a new destination every day... Whenever you're ready, let's go from start-up to sails up!

See you soon

Nadia

A diverse *rhythm*

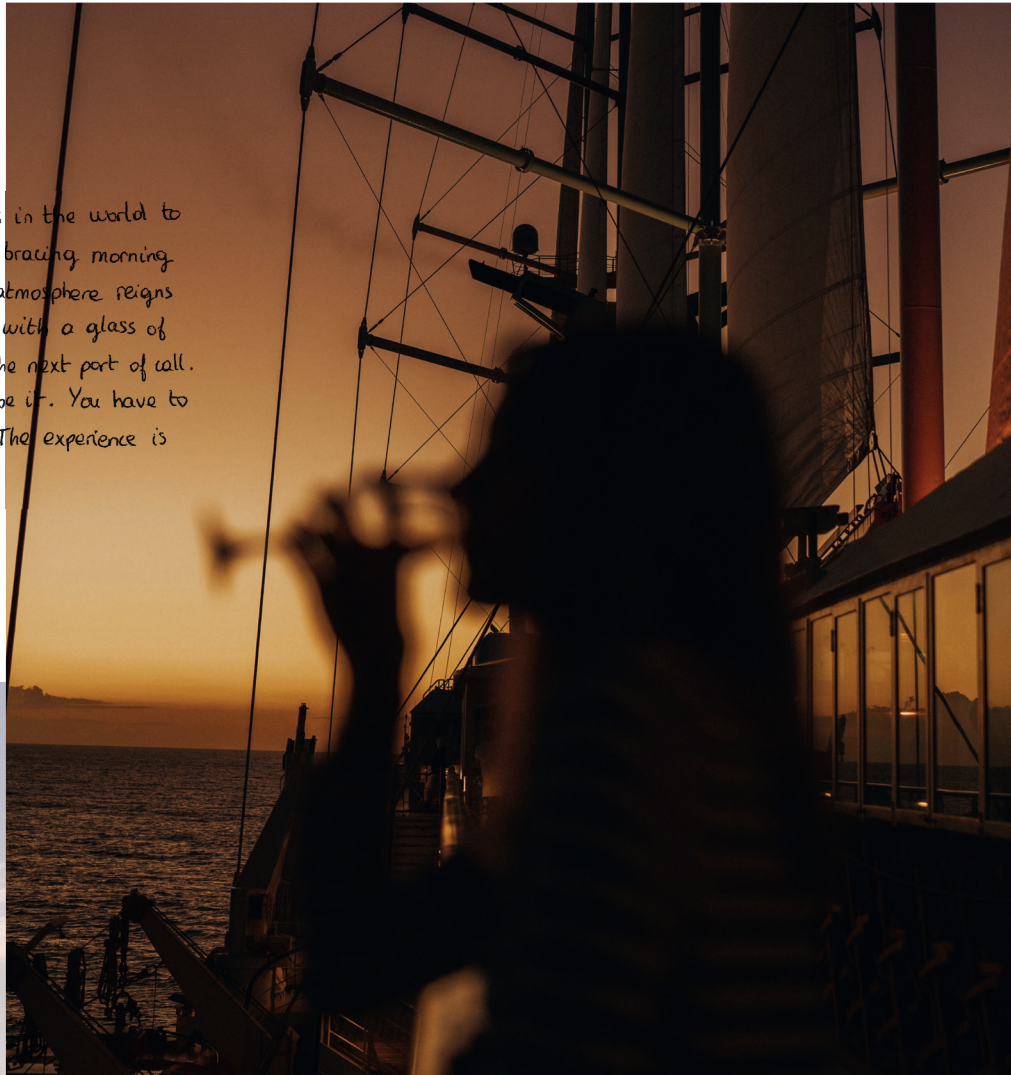

Sail Between moments of serenity and festivities under the stars. Here you are: onboard Club Med 2, free to follow your heart and explore any vibe you like.

In Total *Serenity*

Like a pause in the midst of a symphony. Moments of relaxation on our five-masted yacht, with the sound of the wind and waves in the background, are plentiful enough for you to truly savor each one. With a book in hand, drift away in one of our loungers, traveling across the pages and the seas. This special moment could continue with a visit to our Spa by Sothys or a yoga class by Heberson – two names synonymous with holistic well-being. Whether you're a beginner or a seasoned enthusiast, share timeless experiences and let yourself be guided by the meticulous skill and expertise of our onboard teams. For sports enthusiasts, the fitness room with its 360-degree water view will engage both body and mind.

I could use the most beautiful words in the world to describe the feeling of sailing in the bracing morning sea breeze. In the evenings, another atmosphere reigns supreme as we celebrate the sunset with a glass of champagne and the anticipation of the next port of call. Everybody says it: words can't describe it. You have to actually board the ship for yourself. The experience is only waiting for you.

Starry Celebrations

From lively gala dinners to dancing to different beats, discover our beach privatization concept at the world's most exotic locations. Chic and festive, the largest sailboat on the planet offers all this and much more. As you visit different ports, timezones, and sunsets, be surprised by open-air live music performances that are sure to deliver a thrilling evening. Culinary talents invite you to embark on a new journey of gastronomic discovery. At the bistro Le Monte-Carlo, celebrate your last night before enjoying a pleasant after-dinner moment on the deck and under the stars.

A window on the water

**A five-masted sailing yacht is,
above all, a way of gliding from one
port of call to another.**

In a letter addressed to Albert Camus, Maria Casarès describes cruising as “a respite from the world”. Club Med 2 invites you to see the world in the same way: an experience that gives you the space to reflect as you discover all the ocean has to offer.

Accessing *the Inaccessible*

Embarking on an adventure aboard our French sailing yacht is not just about taking a cruise; it's about sharing a philosophy of travel. With our unique ports of call that are off the beaten path and close to local communities, enjoy all those little moments of happiness and awaken your personal passions.

Unique Ports of Call

Our cruises don't just invite you to set foot on new shores; they offer the chance to experience unique encounters and the time to share them. For example, explore Dakar and its bustling local market, where haggling is a must, or meet the indigenous Embera people along the shores of Lake Gatún in Panama. Among our exceptional stops, journey through history in Belém, Brazil, or from one of the forts overlooking the Bay of Portobello, and immerse yourself in tropical rainforest near the Amazon in the Salvation Islands, French Guiana.

Journeys Within *the Journey*

Experience the thrill of sailing as you approach coastlines, islands, villages, or volcanoes. Then, marvel at each stop on land with excursions crafted by our experts: immerse yourself in the Amazon's flora and fauna, taste new flavors in cocoa plantations, markets, and cafes. These rare opportunities, which you can even personalize, invite you to explore the most beautiful sites and treasures of the Mediterranean and the Caribbean.

Themed Cruises

Ready to leave your everyday life behind and reconnect with yourself and others? Ready to take a step back? Our themed cruises offer the chance to rediscover moments that will truly make you feel like you're on vacation, both on board and at each port of call. Benefit from the expertise of our partners to enhance your golf swing or your breath during sun salutations. Several of our cruises are dedicated to wellness and feature an exclusive program designed by Heberson, a renowned yoga master. Other «event» itineraries include one with an ornithologist and naturalist guide to discuss endemic wildlife at each stop, or an astronomer that will put stars in your eyes amidst the waves and clear night skies.

Exploring the *renovation*

The “Wake Project” renovation takes inspiration from the traditions of yachting. Club Med 2 is an iconic sailing yacht that elegantly imbues the art of living at sea with a sense of modernity and an expansive feeling of space and time. Sailing from port to port, it reinvents the travel experience while always harkening back to the spirit of the French Riviera.

Le Saint-Tropez

“The entrance to Le Saint-Tropez restaurant is marked by the presence of a large chadburn. It sets the tone for the restaurant’s atmosphere, with navigation instruments, charts, stainless steel, ropes, and fittings taking center stage. The new buffets are renovated to match this yachting theme, featuring wood, stainless steel, and fresh Mediterranean tones.”

The Suites

“Contemporary touches enhance the new suites while preserving their historic charm. They feature dark wooden furniture, thick carpeting, and portholes. Some lines from Arthur Rimbaud’s poem “Le Bateau Ivre” are woven into a linen bed runner. The color scheme has been updated, and the sofa and armchair have an outdoors-inspired design. The headboard, unfolded like a nautical chart, displays a portrait of a young captain against the backdrop of the Pacific seas and Mata Utu (where the ship is registered).”

Portofino

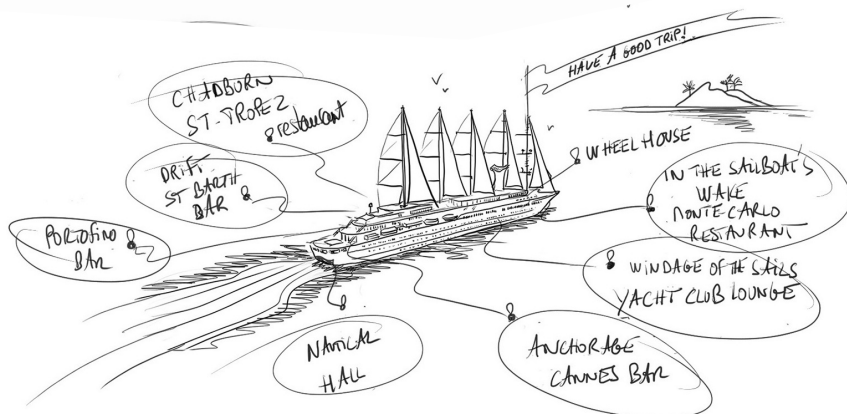

"Originally inspired by Herman Melville's novel 'Moby Dick', the iconic Portofino bar now takes on a more high-tech look. The bar, once sheltered under a wooden sperm whale tail in homage to marine carpentry, has been replaced by the sleek, metallic skin of a stealthy fish. The furniture has also been updated, featuring white leather and linen, emphasizing comfort and lightness. Behind the festive area, you'll find a cozy lounge where you can retreat, nestled away next to a large bookshelf."

The Library Space

"In the corner of the lounge, a library features light wood tones and white leather chairs, warmly enveloping you in your literary musings. A large hourglass stands out among the books, symbolizing the time that passes peacefully aboard Club Med 2."
