10 December 2025 - LONDON, All inclusive pioneer, Club Med, confirmed their opening of Club Med Tremblant, Canada marking a strategic expansion of its presence in North America. The new resort, due to open 2028, marks the brand's second Canadian resort, after the successful opening of Club Med Québec Charlevoix in 2021 and elevates Club Med's global mountain leadership with existing resorts in Canada, France, Italy, China, Switzerland, and Japan.

"Canada continues to be a key market in our North American growth strategy," said Carolyn Doyon, CEO North America & Caribbean for Club Med. "With the upcoming opening of Club Med Tremblant, we are thrilled to introduce a new destination offering an original premium all-inclusive mountain experience - providing immersive, one-of-a-kind vacations that have defined Club Med for decades."

On 5 December, Club Med signed a major financing agreement with [Alderan](#), acting on behalf of [SCPI Comète](#), for the development of a new premium Club Med Tremblant resort. The agreement includes a long-term lease enabling Club Med to operate the property, along with a construction contract appointing Club Med as delegated project owner responsible for overseeing development. Alderan is a French asset management company with over a decade of experience, managing more than €2 billion in assets, including €500 million for SCPI Comète across Europe.

A French-Inspired Alpine Resort in the Heart of Canada

Nestled in the heart of the Laurentians, one of North America's most iconic four-season destinations, Mont-Tremblant offers world-class skiing, vibrant village life, and breathtaking natural surroundings - all the while being located close to the vibrant cities of Ottawa and Montreal. Anticipated to open in December 2028, Club Med Tremblant will offer a premium all-inclusive year-round mountain experience, drawing inspiration from a contemporary Alpine Chalet merging a playful charm with a refined warm and inviting atmosphere, reflecting the lively, welcoming environment that defines the Club Med experience.

As Québec's largest ski resort, with over 100 trails, there will be plenty for ski enthusiasts to explore. Beyond the slopes, guests will be able to explore snowshoeing, panoramic hikes, and experience the magic of untouched winter landscapes.

In summer, the resort transforms into an outdoor haven with hiking, biking, water sports, and sweeping viewpoints. With premium equipment, expert guidance, and the ease of all-inclusive, families, couples, and adventure lovers can enjoy the mountain their way.

A premium all-inclusive experience

Designed for both families and active travellers, Club Med Tremblant will offer a true ski-in, ski-out experience, with daily lift passes included as part of the stay. Signature Club Med features gourmet dining inspired by Alpine culinary traditions with a Québécois influence, alongside immersive wellness offerings featuring a world-class spa.

Children from 4 months to 17 years will be catered to with dedicated, age-specific Kids Clubs, while adults can enjoy a wide range of outdoor pursuits spanning across all seasons outside of snow, from summer hiking and water activities to winter adventures on the mountain.

Contributing to the local economy

Club Med has partnered closely with Mont-Tremblant stakeholders to ensure responsible integration into the area's natural and cultural environment, guided by shared commitments to sustainable tourism. The project is expected to enhance regional development by supporting Mont-Tremblant's thriving tourism industry, which attracts more than 3 million visitors annually, while also expanding opportunities for local businesses and increasing international visibility through Club Med's global network.

Aligned with Club Med's global development standards, Club Med Tremblant will target LEED certification and Green Globe operational certification, embedding sustainability from initial design through long-term resort management. This approach reflects the company's Happy to Care commitments and aligns with the standards upheld across its worldwide portfolio.

Club Med Tremblant is expected to be a significant catalyst for regional economic growth, projected to create nearly 300 direct jobs and a comparable number of indirect roles. In keeping with Club Med's longstanding approach in destinations worldwide, the project will foster meaningful partnerships with

regional suppliers, producers, and experience providers, ensuring the resort contributes to the community and reflects the spirit of the Laurentians.

Club Med Tremblant Canada will be open from December 2028. For more information, visit <https://www.clubmed.co.uk/l/new-resort-mont-tremblant>

About Tremblant:

Tremblant is a top year-round destination that offers an exciting and unforgettable experience, from the mountain summit to the charming pedestrian village at its base. In summer, the area comes alive with outdoor activities and lively events, including the new BLOOMAFEST, the famous 24H Tremblant event, and the Tremblant International Blues Festival, which earned a TripAdvisor Travellers' Choice Certificate of Excellence in 2020. With its lively atmosphere and outstanding program, Tremblant has secured its place among the top 5 ski destinations in Canada, according to the 2021 Condé Nast Traveler Reader's Choice Awards — an honor that shines throughout the year. Whether visiting with family, as a couple, with friends, or in a group, Tremblant welcomes guests to 1,900 accommodation units across 13 hotels, close to 70 restaurants, shops, and a casino set in nature.
