**Exclusive Collection :**  
*Luxury is the art of living*

# Experience *the unique*

Created by Club Med, the *Exclusive Collection* propose une autre idée du voyage offers a new approach to the concept of bespoke travel. The services, the atmosphere, the importance accorded to local tradition and the culture of absolute discretion that you would expect to find in a Premium Resort are all amplified, expanded and extended to offer a unique experience: the new look of luxury (a new kind of luxury). Exceptional locations, Resorts dreamed up by renowned architects and designers, plus a multitude of services personalised for every traveller: this is how Club Med has responded to the new idea of luxury and the natural evolution in travellers' expectations.

Today, travelling, escaping and experiencing a change of scenery are, above all, about living in the moment and enjoying yourself to the full, with nothing to worry about or take care of. It's taking your time, listening to the silence and reconnecting with yourself and others, which are all equally as precious and memorable as simply relaxing, having fun or throwing yourself into a sports session.

Holidaying like this means moving effortlessly between quiet seclusion and an atmosphere of chic, festive fun. Ever attentive to the needs of travellers, Club Med has imagined and designed a selection of unique, idyllic destinations where luxury becomes a way of life. They're made for a couple's getaway, for holidays with family or a group of friends, always all-inclusive and always with Club Med's *l'esprit libre*.

## A pioneering spirit

Club Med has been leading the way in travel ever since its founding in 1950. Daring, innovation and invention are all part of its DNA, particularly when it comes to unique experiences.

For Club Med, luxury is neither stuffy nor ostentatious; it embraces both a festive spirit and the pursuit of serenity. The first *Exclusive Collection* Space, *Le Riad*, was launched in 2004 at the Marrakech Resort. This haven, ideally situated on the edge of a palm grove, covers 3 hectares and consists of small ochre-coloured buildings housing around sixty suites.

Here, the art of living and the art of hospitality combine to create a service that's refined, exacting, warm and personalised. Following the success of *Le Riad*, the first *Exclusive Collection* Resort, *La Plantation d'Albion*, opened in 2007 in an idyllic location in Mauritius, nestled between a turquoise lagoon, untouched rocky inlets, spectacular cliffs and tropical gardens. Since then, it's lived up to its promise as a perfect setting for relaxation, sport and exploration.

## The luxury of choice

Today, Club Med's *Exclusive Collection* comprises 20 exceptional destinations around the world. On the coast or in the mountains, the range extends from Resorts to Spaces, Villas, Chalets and even to a sailing yacht, the Club Med 2. The luxury of choice for travellers embraces countries and cultures to discover, activities to enjoy and ambiances to experience.

# A unique collection

The *Exclusive Collection* is the promise of a holiday tailored to your every need. It's a different vision of travel, one where there are teams of people on hand to look after guests, with special touches ranging from an all-inclusive breakfast served in guests' rooms to direct WhatsApp access to a chalet host. This is what unpretentious luxury looks like, a sense of informality which brings people together in the warm Club Med spirit.

## A curated selection of destinations with stunning views

Venturing off the beaten track to uncover unique, spectacular locations, little known or as yet undiscovered by the general public, is encoded into Club Med's DNA. Whether they're just off the beach or at the foot of snow-covered slopes, *Exclusive Collection* destinations invite you to escape and unwind, just like on the private island of Gasfinolhu in the Maldives. This 5-hectare haven boasts a kilometre-long white sandy beach and the crystal-clear waters of the lagoon are teeming with undersea treasures.

Serenity also reigns supreme in the Seychelles across the entire island of Sainte-Anne, an idyllic setting for relaxation. As for Val d'Isère, the legendary, deluxe ski resort where Club Med has been present since 1967, the elegance and warmth of this Alpine village are what make holidays here so special.

## A culture that's beyond bespoke

Choosing the *Exclusive Collection* means choosing *l'esprit libre*, with a holiday tailored to you from start to finish. Guests in a Chalet or a Villa can communicate with a concierge service that plans and personalises their stay from A to Z. Transfers, minibar contents, dietary preferences, unique and bespoke activities, excursions... all this and more can be arranged with a simple call to your *chalet host* (or butler for the Villas) a few days before departure. Furthermore, all *Exclusive Collection* guests have access to a private ski room in the mountains, as well as priority bookings for speciality restaurants and spas.

## Reconnection is the raison d'être

A holiday is about travelling, discovering and having fun, but it's also unwinding, settling in, resting, letting go – and above all, not having to worry about anything. Club Med's *Exclusive Collection* teams and G.O@s take care of everything. A wide array of bespoke services ensures that every traveller can enjoy themselves, relax and rediscover the pleasure of taking their time. A single call is all it takes to enrol your children in a Kids Club before your stay. The concierge service is on hand for all kinds of other requests, from private sports classes to a romantic dinner for two under the stars.

And to help adults connect and unwind together, each *Exclusive Collection* coastal destination features a 'zen zone' with an adult-only swimming pool set apart from the bustling heart of the Resort. Come here for a peaceful swim or to lounge blissfully in the sun on a deckchair, surrounded by nature.

## Famille time

Holidays are the perfect opportunity to bring the generations together, from children to parents and even grandparents. *Exclusive Collection* destinations are designed to encourage families to share experiences and create memories that span generations.

In Mauritius, for example, where the Club Med Resort stretches over 16 hectares, each *Exclusive Collection* Villa features a large comfortable veranda, a gathering place that accommodates 8 adults, 2 children and infants.

Or take the Club Med 2 yacht, where at certain times of day, the water sports area is reserved exclusively for the ship's youngest sailors.

What's more, interconnecting rooms in all *Exclusive Collection* destinations (except aboard the Club Med 2) make family holidays seamless. Likewise, children can be signed up for Kids Club directly from a Chalet, a Villa or the lounge of an *Exclusive Collection* Space.

## Extra activities that are extraordinary

Moving, playing, running, throwing, catching, swimming, skiing... sport has been a pillar of the Club Med experience since its creation in 1950. It's only natural, then, that sport is placed at the heart of *Exclusive Collection* destinations, with a huge range of activities on offer all designed by professionals, taught by experts and set in front of the most scenic of backdrops. For instance, fans of golf need look no further than *La Plantation d'Albion* in Mauritius, which has an exceptional course just a 20-minute drive from the Resort, with unlimited green fees as part of the all-inclusive package. Also, let's not forget the golf-themed cruise aboard the five-masted Club Med 2 yacht. This holiday includes 4 to 5 green fees and the services of a PGA pro aboard throughout the trip to supervise theoretical and practical lessons on the most beautiful golf courses on the Mediterranean and the Caribbean.

The *Exclusive Collection* also offers activities alongside sport such as excursions\* to little-known, intriguing sites and to destinations with breathtaking views. Discover how Tomme de Savoie and Avalin cheeses are made in Val d'Isère at Adroit Farm, take part in a tour of the historic centre of the village or maybe even try a dog-sled ride. Excursions look very different at Cefalù, where lovers of la dolce vita can set off in the sunshine on a Vespa or in a Fiat 500 to explore the Madonie, the Sicilian mountain range in the province of Palermo. And excursions from the Finolhu Villas in the Maldives bring guests up close with the treasures of the blue lagoon on a turtle safari, at a lobster-themed picnic or on a jet ski to watch the sunset.

And last but by no means least, at Club Med, activities also extend to lively evenings under the stars with an ambience that

balances bohemian chic with relaxed elegance. Live music concerts, scheduled throughout the day, add to the charm of these unforgettable moments.

## Bars and restaurants

Sophisticated table settings and creative presentation of dishes set the tone of the restaurants at *Exclusive Collection* destinations. Chefs use fresh, seasonal produce to prepare relaxed and gourmet cuisine, inspired by local flavours. Particular attention is also paid to food and wine pairings. Holidaymakers in the mountains who prefer to nestle in the cosy comfort of their Chalet can choose from three menus – including one centred around Savoyard fondue – to be served in their Chalet, on an all-inclusive basis, for lunch and dinner alike. The same philosophy of choice can be seen in *Exclusive Collection* bars. Here the cocktails, prepared with or without alcohol, range from timeless classics to local specialities. They're best at sunset, to be sipped and savoured after a day at sea or on a snow-covered slope.

# Resorts:

## *the luxury of a wonderful holiday*

Welcome to a Resort entirely dedicated to the art of living well and the art of taking your time, where every aspect has been designed to make you feel at ease, pampered, eagerly awaited and welcomed. *Exclusive Collection* Resorts have one goal in mind: to personalise your stay down to the very last detail, from the moment you leave home until your return. All this is available in a variety of destinations: Sicily, Mauritius, the Dominican Republic, the Seychelles, Val d'Isère or even the snow-covered slopes of Hokkaido, Japan. A change of scenery, guaranteed. What's more, each seaside Resort stretches over a vast coastal area, because space, itself, is a luxury.

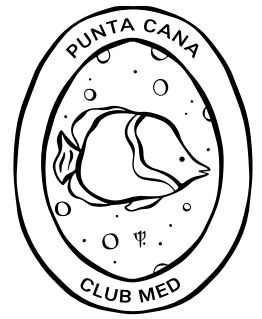

### **Cefalù: A sense of history**

Situated on a 244-metre-high rocky headland in northern Sicily, the Cefalù *Exclusive Collection* Resort was founded in 1957 by Club Med, a pioneer of experiential travel, and it remains an unspoilt, off-the-beaten-track destination. Today and every day, this Resort offers breathtaking views of the fishing village of Cefalù, a slice of la dolce vita on the shores of the Tyrrhenian Sea. The sunsets are like a scene from a Hollywood film, with the rugged peak of La Rocca as a backdrop.

# Spaces:

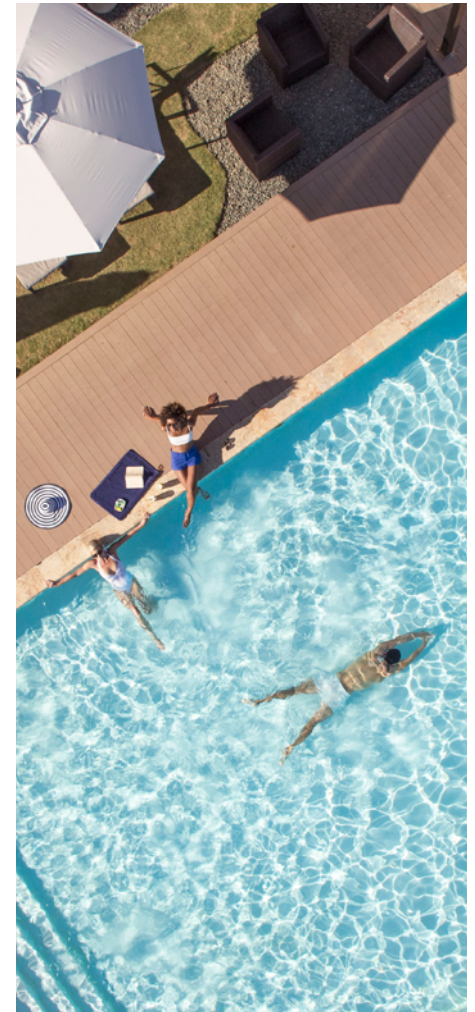

*the luxury of the best a destination has to offer*

Set within a Premium Resort, each *Exclusive Collection* Space features the standard all-inclusive facilities – sports amenities, kids' clubs, bars, restaurants, etc. – and so much more besides. Luxurious suites, room service, a concierge service to personalise your stay and activities, an *Exclusive Collection* bar and swimming pool... Everything has been designed to allow you to recharge your batteries, relax and indulge yourself in a more exclusive setting. Throughout the day and into the evening, each guest can choose when they'd prefer to relax in peace and when they want to spend precious time with family or friends. Set the pace of your own holiday and let the experiences, sensations and memories wash over you. It's the luxury of total comfort, a tranquil atmosphere and the festive spirit of Club Med.

## Punta Cana: toes in the ocean

Tiara: the *Exclusive Collection* Space located at Club Med Punta Cana in the Dominican Republic. Here, each of the 32 suites overlooks the sea and the infinity pool offers panoramic views of the Atlantic Ocean. Add to that a private concierge service for Tiara guests and priority bookings at the spa and the Indigo Beach Lounge restaurant.

# Villas & Chalets:

## *The luxury of privacy for families and friends*

Club Med has 4 destinations that offer *Exclusive Collection* Villas & Chalets located on the outskirts of the Resorts to ensure peace and quiet whilst still offering access to the restaurants, spa, Mini Club for kids and more... It's a new approach to luxury, one where you feel at home with your family or friends in an exceptional location, whether that's by the beach or at the foot of the ski slopes. Every service can be tailored to your tastes and needs. Holidays in a Villa or Chalet provide the gift of total intimacy, combined with the wide range of activities

unique to Club Med, as well as the services that make travel easier, like priority reservations at certain facilities and a concierge service.

In Villas, there is a butler to assist guests and, over the course of their stay, create a meaningful bond with them that helps meet their wishes and needs as closely as possible. In the mountains, a chalet host prepares breakfast each morning and, if requested, can return for lunch or dinner.

# Club Med 2: *the luxury of life at sea*

With its 2,700 metres<sup>2</sup> of teak deck, the 184-metre-long Club Med 2 is one of the world's most beautiful five-masted yachts, sailing the Caribbean in winter and the Mediterranean in summer. A veritable flagship of the *Exclusive Collection*, this sailing yacht, with just 164 cabins for 328 passengers, retains a personal touch whilst still offering a full range of activities aboard. There are spaces dedicated to complete relaxation, whether in a lounge or on a lounger on the upper deck, none of which dim the yacht's festive atmosphere. Every cruise centres around water sports, yoga, sessions in the spa by Sothys and the yacht's two seawater swimming pools. Entertainment for children aged 8–18 years is on the programme during school holidays so that families feel welcome. All this is enhanced by port calls and bespoke excursions to hidden gems, islands, beaches or ports, thanks to 'Beachers' which take passengers right up to the shore.

## Club Med 2: A port a day

Every morning, Club Med 2 drops anchor in a different spot. Wake up to a new horizon, a new harbour, a new cove, a new beach... With sights like this, it was only natural that each of the 164 cabins should have a sea view. Trips onshore are interspersed with half-days or even whole days of uninterrupted sea sailing at a pace set by the winds, amidst the salty sea spray and, above all, with all sails hoisted at every moment the weather allows. A match made in heaven between the great outdoors and a seafaring spirit.

# Towards a responsible *luxury*

Since 1950, Club Med has championed a socially responsible approach to travel at every stage of its development, integrating sustainable practices that respect both nature and local communities. Today, 100% of Club Med Resorts\* have achieved Green Globe accreditation. This highly rigorous certification assesses some 350 criteria across 40 categories and 4 pillars: sustainable management, economic and social factors, cultural heritage and the environment. Alongside this certification, Club Med has introduced initiatives aimed at eliminating plastic, reducing food waste, safeguarding animal welfare and promoting healthy, locally sourced produce for all menus. Finally, diversity, inclusion and equal opportunities remain central to the vision of luxury tourism as conceived and developed by Club Med.

\* With the exception of the Club Med 2 sailing yacht

## Leading by example

*Exclusive Collection* destinations are part of this responsible approach. The sails of the Club Med 2 reduce its fuel consumption by 20%. It also features diesel engines coupled with a pair of generators which propel and supply electricity to this five-masted vessel. Furthermore, 95% of dishes served are prepared aboard and, wherever possible, the ingredients are local and sourced from short supply chains.

As for the *Exclusive Collection* Finolhu Resort in the Maldives, its 52 Villas – ranging from 151 to 168 metres<sup>2</sup> – are powered almost entirely by renewable energy. This feat is made possible by 6,000 metres<sup>2</sup> of solar panels, seamlessly integrated into the natural surroundings. Club Med Punta Cana is another example of Club Med's ecological practices, with 100% recyclable roofing material and sustainably sourced American timber.

Add to this the improved natural ventilation in the Resort's communal areas, which minimises the need to use air conditioning.

With *Exclusive Collection*, Club Med has redefined the idea of bespoke travel, guided by a principle of sophisticated simplicity. At the heart of the concept is a choice of 20 dream destinations around the world, each offering carefully curated holidays that leave you free to relax and enjoy a wealth of experiences on an all-inclusive basis.

Founded in 1950 by Gérard Blitz, who was joined in turn by Gilbert Trigano, Club Med invented the concept of all-inclusive holiday clubs and also holidays with childcare with the creation of Mini Club in 1967. Operating in 40 countries around the world and with 68 Premium and Exclusive Collection Resorts, Club Med offers a carefree holiday experience in exceptional destinations and locations. Thanks to the success of its repositioning strategy and with the support of its shareholder Fosun Tourism Group, Club Med is now the world leader in high-end, experiential all-inclusive holidays for active families and couples. Club Med employs nearly 25,000 Gentils Organisateurs (G.O<sup>®</sup>) and Gentils Employés (G.E<sup>®</sup>), representing 110 nationalities.
